Too Good for Drugs Information...

Hello CCE Families,

Clear Creek is participating in our district initiative Too Good for Drugs. This is an evidence-based program for K through 12th grade that develops a framework of social and emotional skills through the development of goal-setting, decision-making, emotion management, and effective communication skills in addition to peer-pressure refusal, pro-social bonding and conflict resolution skills. This material is appropriate for each age group meaning kindergarten topics target decision making skills, goal setting and friendship. Third grade topics target goal setting, decision making and the risk of tobacco & alcohol. Fifth graders are being introduced to topics dealing with tobacco and alcohol.
