2021-22 Phase Three: Executive Summary for Schools

Description of the School

Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?

Wright Elementary on the outskirts of Shelbyville, Kentucky consists of both certified and classified staff members. We support just under 500 students in grades K- 5. Our students consist of 30 percent Hispanic, 10 percent African American 56 percent caucasian. The majority of our families (60 percent) qualify for free or reduced lunches. Our families have challenges with work options and holding consistent housing options for a whole year. The challenge having 1/5 of our students move in or out of Wright Elementary each school year has created many learning gaps for our students. COVID-19 has hindered our progress for 2020-2021. However, we are excited about the new approaches to personalization that technology and targeted services have created for the future.

School's Purpose

Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs. Describe how the school embodies its purpose through its program offerings and expectations for students.

Preparing wise students who master standards, lead by example, and embrace social responsibility is the mission of Shelby County Public Schools. When Wright Elementary looks at its core values of Joy, Empathy, Teamwork, and Service, we believe we can achieve our mission. With a commitment to learning these values, we embrace our Profile of a Graduate every day. Wright Elementary prides itself on positive behavior reinforcement through our core values. Staff is working on growing and developing each other and each student.

Notable Achievements and Areas of Improvement

Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.

Wright Elementary experienced exciting growth during the previous year. While we know we have room to continue growing, we are very proud of the direction our growth scores indicate. Core instruction, intervention, and personalization are continually being discussed and improved upon at Wright. Additionally, we focus on

core values, student exhibitions of learning, and community partnerships as well as Project-Based Learning opportunities.

Additional Information

CSI/TSI Schools (including ATSI) Only: Describe the procedures used to create the school's improvement plan and briefly state the specific efforts to address the causes of low student performance and resource inequities.

NA

Additional Information

Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.
