## 2019-20 Phase Two: School Assurances

### 2019-20 Phase Two: School Assurances

## Introduction

Assurances are a required component of the CSIP process (703 KAR 5:225). Please read each assurance and indicate whether your school is in compliance by selecting the appropriate response (Yes, No or N/A). If you wish to provide further information or clarify your response, space for comments is provided. Comments are optional. You may upload any supporting documentation as needed.

## Teacher Performance

1. The Every Student Succeeds Act (ESSA) requires each school to report data regarding ineffective teachers. An ineffective teacher receives a summative effectiveness rate of “Ineffective” as determined through the local performance evaluation system that meets the requirements established by KRS 157.557. An ineffective teacher consistently fails to meet expectations as determined by a trained evaluator, in competencies identified as the performance criteria in the Kentucky Framework for Teaching.

Responses to this assurance will be collected in the [Kentucky Teacher Performance survey](#). Responses to each survey question should be based on data from the 2018-19 school year. Once you have completed the survey, return to the 2019-20 Phase Two: School Assurances diagnostic to certify that your school has completed the survey and to complete the remaining assurances on the diagnostic.

I certify this school has completed the Kentucky Teacher Performance survey.

### **COMMENTS**

We are a brand new K-8 school who opened its doors September 2019. We were behind on construction so 686 students were housed in five host school sites in the district. Staff that was hired for Marnel C. Moorman were dispatched and utilized to teach kids in host school sites. We utilized district data, as well as student demographic information, Spring MAP data and current DRA data to make some decisions regarding the implementation of Title 1 schoolwide programs. While we are utilizing teachers, administrators, classified and certified staff to meet the needs of students, I did not initially have parental involvement in the programs design and implementation. This will change as we enter the first full month of having students and staff under one building January of 2020.

4. If the school is implementing a schoolwide program, the school developed a comprehensive plan that will remain in effect for the duration of the school's participation under Title I, Part A of ESSA as required by Section 1114(b)(3) of ESSA.

- Yes
- No**
- N/A

### **COMMENTS**

We are a new school that does not have this data to use as a guide for decision making however, we do plan to draft and impliment a plan that will remain effective for the duration of the school's participation under Title 1, Part A of ESSA.

5. If the school is implementing a schoolwide program, the school developed a comprehensive plan that is available to district leadership, parents, and the public and in an understandable and uniform format as required by Section 1114(b)(4) of ESSA.

- Yes

- No**
- N/A

### **COMMENTS**

We currently have a written parent and family engagement policy that was written by me, the principal, prior to the opening of our school. The school did not open until September of 2019. The first day of school in our building occurred in December of 2019. The policy was not written with parental involvement but will be revised and modified under the direction of a school SBDM committee once it is formed in the early months of 2020.
